

# summer camp special ...

## Dogs, Cats and Ferrets!

A unique exploration of the human - companion animal bond.  
Encouraging a sense of responsibility, critical thinking and compassion.

Fun and educational workshops brought to your camp or summer program, totally free of charge! Our workshops are designed to encourage children's innate compassion for animals. It exposes children to the joys and realities of companion animals, and takes a look at animal sheltering, companion animal overpopulation, and the importance of spaying and neutering. It is designed to be a fun and interactive learning experience and would be a great addition to your program!
